

Shrek is searching for a new home! Can you help?

Your first task is to source a shoebox to house your swamp in! Using this worksheet you can then create your plan before the fun part as you source items from your garden or local environment and build your very own swamp! One last thing, it is important to remember a swamp is characterized by poor drainage and plant life dominated by trees, to help you get started Shrek has provided you with an essentials list of home comforts below.

SOME ESSENTIALS:

- Branches**
to represent trees
- Water**
to represent the River
- Spider web**
