## TASK 3

In groups, your teacher will give you one fairy tale to focus on. Using some of the pictures from Task 1, create an A3 sheet with information about your fairy tale. What might it be about? What objects or things are included? Who might the main characters be?

Use the storyboard template 1 below to help you predict your ideas for what might happen in the plot of your fairy tale. (One square for the beginning, two squares for the middle, one square for the ending!)

A storyboard template consisting of four large rectangular boxes arranged in a 2x2 grid. Each box is outlined in a thick, hand-drawn style yellow border. Below each box is a smaller, white rectangular box with a blue border, containing a number in a yellow circle: '1' for the top-left, '2' for the top-right, '3' for the bottom-left, and '4' for the bottom-right. The boxes are intended for drawing and writing a story.

## TASK 3

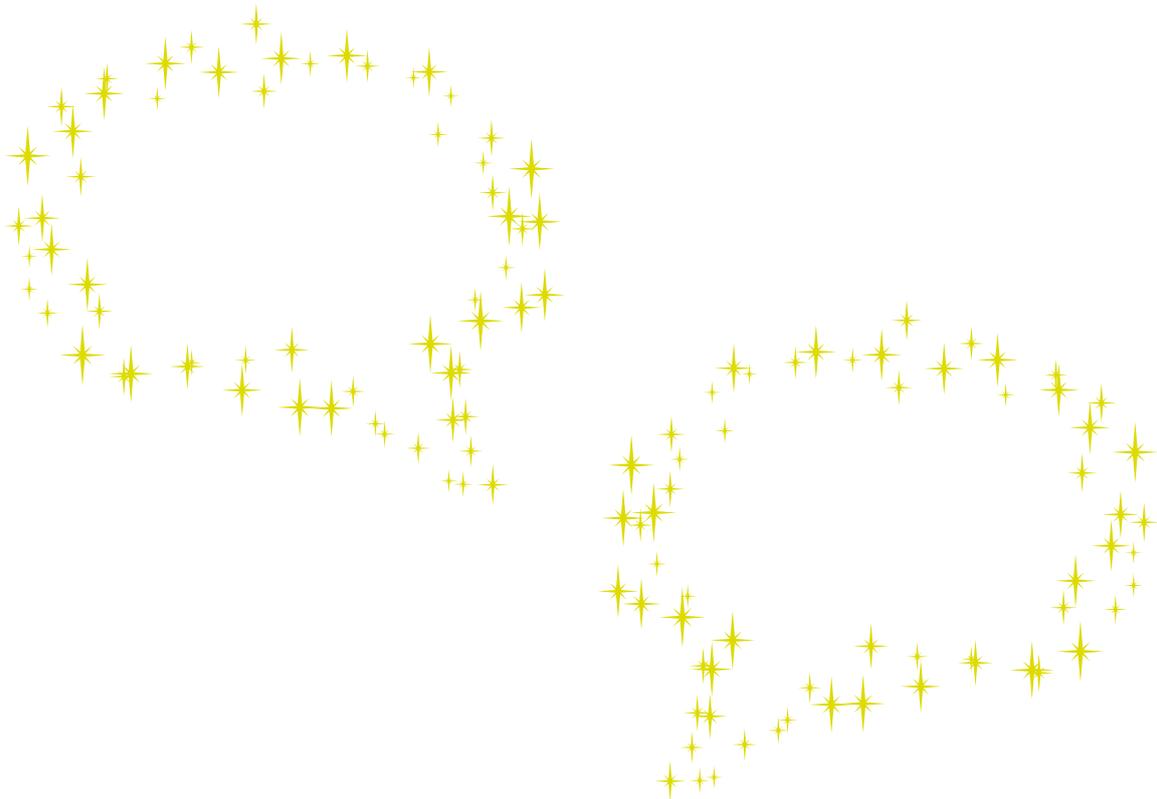

### EXTENSION

Ask pupils to take some of the objects mentioned in Task 1 from a story bag.

Can they speak about how that object is used in the story?

Better still, can they come up with their own idea for a story using the object?
